

## WHAT IS EUPHORIC ENERGY?

Euphoric Energy™ is one of the newest and most exciting energy drink & mixer lines to hit the market in years. Our deliciously flavored functional energy drink line comes in six amazing tropical flavor that not only beat the major competitors in taste, but are healthier in content as well. All our Euphoric Energy™ drinks incorporate super herbs like Ginseng, Suma, Damiana and Maca root which help vitalize the body and act as a natural “tonic” to energize and give you the added boost to get you through your day.

What makes Euphoric really stand out from our competitors? Not only does Euphoric Energy offer six amazing tasting tropical flavors in its profile, Euphoric Energy™ doesn't contain any High Fructose Corn Syrup. Instead, we chose to invest in a much healthier beet sugar that metabolizes faster and more naturally in the body. All six of our delicious Euphoric Energy™ flavors are lightly carbonated, utilize healthier ingredients and are, ounce for ounce, the best energy-mixers on the market today. Euphoric Energy™ gives you that natural boost without too much Caffeine, too much Taurine or subjecting you to that bitter, medicinal aftertaste often associated with our competitors. Euphoric Energy™ is also packed with B Vitamins, and electrolytes to further add to the euphoric effect.

Euphoric Energy™ will light up your taste buds and provide a functional energy beverage that you can feel really great about

## EUPHORIC ENERGY PHILOSOPHY

providing your customers and patrons. Remember that Euphoric Energy™ was created by energy drink fans for energy drink fans.

Euphoric Energy™ has painstakingly researched each of our formulations and created a functional energy beverage line that not only tastes superior to the leading energy drink lines, our healthier ingredients are actually better for your body. A lot of time, thought and caring have gone into formulating every one of our six delicious flavors that combine your favorite fruits like: Watermelon and Kiwi, Pomegranate and Passion Fruit, Raspberry and Strawberry, Lemon and Lime, Orange and Mango, Banana and Strawberry.

And let's not forget the mixing capabilities of our 6 amazing flavors. Euphoric Energy™ was formulated especially to be a superior mixer to Red Bull, Monster, Rockstar etc. You can mix Euphoric Energy with all your favorite Vodkas, Rums, Gins and even Tequila and some whiskeys! Imagine a mixer that makes a drink a whole new flavor of Vodka instead of completely taking the drink over-- like our competitors energy drinks do.

Euphoric Energy™ represents a new paradigm shift in the energy drink market towards healthier and better tasting functional beverages. We look forward to doing business with you soon.

Maca Root	0 mg	0 mg	30 mg	0 mg	0 mg
Suma and Damiana	No	No	Yes	No	No

**MACA ROOT:** Maca contains over 60 phytochemicals. All these phytochemicals combined make the Maca plant one of the most powerful medicinal plants on earth. Maca Root makes people feel so good because the nutrients that stem from the Maca's main plant include alkaloids, amino acids, beta-ecdysone, calcium, carbohydrates, fatty acids, glucosinolates, iron, magnesium, p-methoxybenzyl isothiocyanate, phosphorus, potassium, protein, saponins, sitosterols, stigmasterol, tannins, vitamin B1, vitamin B2, vitamin B12, vitamin C, vitamin E, and zinc.

**DAMIANA ROOT:** Damiana is used as a general tonic to give energy and strength, to boost the immune system. Damiana is also known as a good antidepressant. It has the ability to calm and balance the nervous system,

**SUMA ROOT:** Suma root contains 19 different amino acids, a large number of electrolytes, trace minerals, iron, magnesium, zinc, vitamins A, B1, B2, E, K, and pantothenic acid. Its high germanium content probably accounts for its properties as an oxygenator at the cellular level.

**GINSENG ROOT:** Ginseng is considered to be an anti-aging and energy enhancing herb. Presumably this is partially due to the many beneficial effects of ginseng, and partially due to its antioxidant properties.

## PALLET DIMENSIONS

Unit/Description	UPC	Case Pack	Case Dimensions/ Wt	Pallet Qty.	Pallet Dimensions /Weight
Pomegranate Passion Fruit	804879090748	24/16 Oz Cans	16"Lx10.5"Wx 6.5"H/27.5#	80 Cases per pallet 8 layers of 10 cases 1920 cans	48"Lx40"Wx 57"H 2229 Lbs.

### PRODUCT SUMMARY

\* Futuristic 3D branding that appeals to both men and women without being too "radical" or gender specific.

\* Euphoric Energy™ utilizes superior and healthier herbal ingredients like Maca Root, Suma Root, Damiana, Ginseng, as well as offering B12, and electrolytes that actually benefit the body and promote sustained energy without the jitters or crashing.

\* All six flavors have amazing taste without the medicinal aftertaste often associated with other leading energy drinks.

\* Euphoric Energy™ uses real beet sugar instead of high fructose syrup as a sweetener so that our drink is metabolized more efficiently by the liver and is easier on the body.

\* Euphoric Energy™ is a healthier and superior tasting mixer than the leading energy drinks.
